

Technology Donation Requirements

When you donate technology to Bridge Builders Technology Ministry, it's important that it meet minimum specifications to ensure effective use by our partners. We request all donations meet the following requirements.

Minimum Laptop Requirements

Pentium IV & above CPU, 1 Gb RAM, 80Gb Hard Drive, Windows XP OS, CD-ROM drive (DVD-ROM preferred), internal modem, Ethernet card, wireless capability, and AC adapter/power cord. Screens must not be cracked or have no more than 4 dead pixels.

Additional Hardware Requirements

- For ease of shipment and deployment, we are currently seeking laptops only.
- Please include Software License Agreements for all software installed on donated computers.
- Computers that meet these requirements are typically 3 years old or less.
- Computers must be in good condition, clean, and in working order, and must not be stripped of parts.
- We will accept a minimum quantity of 6 of the same model and specifications, but would prefer quantities of 12.
- For cost effectiveness and consistency in software and training materials, we are not currently accepting Macintosh and desktop PC donations at this time.

Other Hardware Needs

- Monochrome laser **printers** with toner cartridges and cables.
- **Networking** equipment, including switches, wireless routers, Ethernet cable, and patch cables.
- **Peripherals**, including mice, surge protectors, external optical drives (DVD/CD), LCD projectors and UPS (Uninterrupted Power Supply)
- All items must be in good, working condition.

Software Needs

- Packaged Microsoft Windows, Microsoft Office, or Microsoft Encarta software with valid license and product keys
- Spanish software or English software with multi-language capabilities required.
